

Dear Graduate,

We hope that after the graduation, you still keep exciting and kind memories related to your Hungarian stay and studies and you are able to use these experiences and the gained knowledge to build your future career successfully. **Holding a Hungarian diploma makes you a unique candidate**, no matter if you continue your studies or career in your home country or in other parts of the world.

To strengthen the impact of your experiences, the [Tempus Public Foundation](#) – the coordinator of several scholarship programmes – established the [Alumni Hungary Network](#). This network enables all the graduate students to meet and establish online networks to strengthen the already existing relations and to find new opportunities, not only in Hungary. It has also the aim to **make it easier to stay in touch with Hungary** and we also want to **provide further opportunities for career development**.
